

Respected sir/Madam,

As per the instructions, I completed all the tasks given in the virtual internship properly. In addition, I like to summarize the tasks with relevant points to you in this email.

In the company profile, Zeta Inc. is a leading IP-based game operator and publisher, focusing primarily on IPs relating to well-known cultural products and artworks.

However, it has competitors and the comparable companies are "Eta Hill, Epsilon Co, Orionis, Sixth Avenue, Highlander, Hours to Midnight, Tunnel-vision, Four Brothers, Second to None, Delta Team, Rock & Fire, Above Clouds".

Zeta and its comparable companies' current valuation range based on 2020 EBITDA and PE multiples are 13.3x and 21.5x as per the data.

Now you can further look into that company and move forward to the steps with respect to discussion with the client.

Thank you for your kind attention.

Sincerely,
Harish Kumar R
